January 25, 2019

Portsmouth City Council
P.O. Box 820
Portsmouth, Virginia 23704

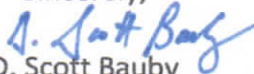

Council Members,

The Olde Towne Civic League endorses the gas station and convenience store development proposed by Wawa Inc. at the corner of London Street and Effingham Street. This endorsement is based on a Civic League vote conducted during our January 2019 meeting.

Wawa Inc. representatives attended meetings at Olde Towne residences in the fall of 2018 and our Civic League meeting in November 2018 to present their initial site plan and design renderings. Wawa Inc. representatives accepted several design recommendations we suggested to enhance the historical character of their design and presented their modified design during our January 2019 meeting.

The Olde Towne Civic League remains a proud steward of our historic neighborhood and an active partner in City and Commonwealth government. We trust the City Council, City Commissions, and City Departments will continue to seek and trust positions of the Olde Towne Civic League on matters impacting the downtown area adjacent to our residences.

Sincerely,

D. Scott Bauby
President
